

I N V I T A T I O N  
TO THE SECOND COLLOQUIUM OF DUTCH DRAGONFLY WORKERS,  
to be held in the Institute of Genetics, University  
of Utrecht, The Netherlands, on  
NOVEMBER 21st, 1970

---

The Second Meeting of Dutch Odonatologists will be held on Saturday, November 21st, 1970, in the Institute of Genetics of the University of Utrecht, Opaalweg 20, Utrecht, The Netherlands.

The morning session will be devoted to discussions on organizational topics, particularly the central registration of the European odonate fauna, the setting up of a central odonatological bibliography and on international coordination and cooperation in odonatological research. The session will start at 10.30 a.m.

In the afternoon session papers will be read by participants on any topic of dragonfly research.

We should like to suggest that colleagues from abroad combine participation in this Meeting with a visit to the Odonate Collection at the Museum of Natural History, Leiden.

WE WILL BE VERY PLEASED TO WELCOME COLLEAGUES-ODONATOLOGISTS FROM  
NEIGHBOURING COUNTRIES OR ANYONE WHO HAS SOMETHING TO REPORT ON OR  
IS INTERESTED IN ANY ASPECT OF DRAGONFLY RESEARCH

Papers (20 minutes) can be read in English, French, German and Dutch; the discussions will be mostly in Dutch and English, with translations into other languages (if necessary).

All participants are requested to return the enclosed form before November 10th, 1970. The second circular will be sent to the participants only.

All correspondence is to be directed to:

Dr. B. KIAUTA, Institute of Genetics,  
Opaalweg 20, UTRECHT, The Netherlands.

Looking forward to seeing you in Utrecht,

Dr. D. C. Geijskes

Dr. B. Kiauta

Dr. M. A. Liefstinck
