

INTERNATIONAL CODE OF ZOOLOGICAL NOMENCLATURE

- Case 3223. J.R. Cordeiro (2003): *Unio ochraceus* Say, 1817 (currently *Ligumia ochracea*; Mollusca, Bivalvia): proposed precedence of the specific name over *Mytilus fluviatilis* Gmelin, 1791. – The Bulletin of Zoological Nomenclature, 60 (1): 20-22. London.
- Case 3233. F. Giusti & G. Manganelli (2002): *Achatina jani* De Betta & Martinati, 1855 (currently *Cecilioides janii*; Mollusca, Gastropoda): proposed conservation of its specific name. – The Bulletin of Zoological Nomenclature, 59 (2): 77-81. London.
- > See comments by: R.A. Bank, G. Falkner & E. Gittenberger (2003), The Bulletin of Zoological Nomenclature, 60 (1): 51-52 and by F. Giusti & G. Manganelli (2003), The Bulletin of Zoological Nomenclature, 60 (1): 52. London.
- OPINION 2017 (2003): *Achatinellastrum* Pfeiffer, 1854 and Achatinellidae Gulick, 1873 (Mollusca, Gastropoda): conserved. – The Bulletin of Zoological Nomenclature, 60 (1): 61-62. London.
- OPINION 2018 (2003): Buliminidae Kobelt, 1880 (Mollusca, Gastropoda): spelling emended to Buliminusidae, so removing the homonymy with Buliminidae Jones, 1875 (Rhizopoda, Foraminifera); and Enidae Woodward, 1903 (1880) (Gastropoda): given precedence over Buliminusidae Kobelt, 1880. – The Bulletin of Zoological Nomenclature, 60 (1): 63-65. London.
