

NIEUW BESCHREVEN CONTINENTALE MOLLUSKENSOORTEN (NEW TAXA: CONTINENTAL MOLLUSCS)

R.A. Bank

Newly described species, rubricated at the family levels, with references to the malacological papers in which they were introduced.

ACHATINIDAE

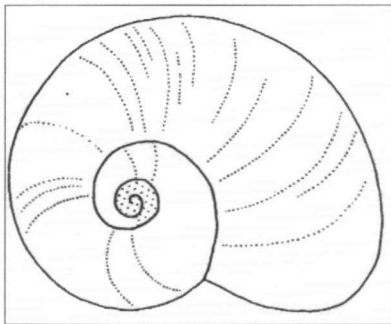

- * BARÇANTE, J.M. DE PAIVA, T.A. BARÇANTE, S.R. COSTA DIAS & W. DOS SANTOS LIMA (2005): Ocorrência de *Achatina fulica* BOWDICH, 1822 (Mollusca: Gastropoda: Achatinoidea) no Estado de Minas Gerais, Brasil. – Boletim do Museu de Biologia Mello Leitão, Nova Série, 18: 65-70.

ACICULIDAE

- * *Renea saccoi*. Described by A. CIANGHEROTTI & D. ESU (2005, Archiv für Molluskenkunde, 134 (1): 121-127) from the Middle Pliocene (Early Villafranchian) of Piedmont (Asti and Cuneo provinces, NW Italy).

ARIOPHANTIDAE

- * *Ratnadvipia karui*. Described by D. RAHEEM & F. NAGGS (2006, Systematics and Biodiversity, 4 (1): 99-126) from southwestern Sri Lanka.

Ratnadvipia irradians - RAHEEM & NAGGS, 2006. Syst. Biodiv., 4: fig. 18a

BULIMULIDAE

- * *Bothriembryon kremnobates*. Described by G.W. KENDRICK (2005, Records of the Western Australian Museum, 22 (4): 309-313) from Pliocene deposits of Roe Plains, Madura district, Western Australia.

CERASTIDAE

- * *Hoqia*. New genus described by E. NEUBERT (2005, Archiv für Molluskenkunde, 134 (1): 1-21) for *Hoqia pulchella* NEUBERT, 2005 (Soqatra Island, Yemen).
- * *Passamaella compressa*, *P. polita*, *P. paucidentata* and *Hoqia pulchella*. Described by E. NEUBERT (2005, Archiv für Molluskenkunde, 134 (1): 1-21) from the Soqatra Island (Yemen, Arabia).
- * *Soqena*. New genus described by E. NEUBERT (2005, Archiv für Molluskenkunde, 134 (2): 223-259) for

Buliminus (Pachnodus) heliciformis GODWIN-AUSTEN, 1881 (Soqotran Archipelago, Yemen).

- * *Achatinelloides subtruncatus*, *A. vandammei*, *Soqena microsculptata*, *S. subcostulata*, *S. pagoda*, *S. edentula* and *S. densestriata*. Described by E. NEUBERT (2005, Archiv für Molluskenkunde, 134 (2): 223-259) from the Soqotran Archipelago (Yemen).

CHAROPIDAE

- * *Phaulocystis iris*, *Psichion labati*, *P. kowatiiti*, *P. retrocostatum*, *P. nematomphalos*, and *P. concavum*. Described by I.V. MURATOV, A. ABDU & P. BOUCHET (2005, Tropical Zoology, 18 (2): 171-208) from Mayotte (Comores).

CLAUSILIIDAE

- * *Miraphaedusa*. New genus described by H. NORDSIECK (2005, Archiv für Molluskenkunde, 134 (1): 23-52) for *Miraphaedusa takagii* (Guangxi: China).
- * 25 new species and subspecies described by H. NORDSIECK (2005, Archiv für Molluskenkunde, 134 (1): 23-52) from mainland China and Taiwan.
- * *Peruiniini*. New tribe described by H. NORDSIECK (2005, Archiv für Molluskenkunde, 134 (2): 197-221) within the subfamily Neniinae (type genus: *Peruina* POLIŃSKI, 1922).
- * *Leuconenia*. New subgenus described by H. NORDSIECK (2005, Archiv für Molluskenkunde, 134 (2): 197-221) for *Incagliaia leucostoma* NEUBERT & H. NORDSIECK, 2005 (Peru).
- * *Andiniastra*. New genus described by H. NORDSIECK (2005, Archiv für Molluskenkunde, 134 (2): 197-221) for *Andiniastra violascens* H. NORDSIECK, 2005 (Peru).
- * *Divanenia*. New subgenus described by H. NORDSIECK (2005, Archiv für Molluskenkunde, 134 (2): 197-221) for *Symptrychiella (Divanenia) elegantissima* H. NORDSIECK, 2005 (Peru).
- * 13 new (sub)species described by H. NORDSIECK (2005, Archiv für Molluskenkunde, 134 (2): 197-221) from Peru.
- * *Brevinenia*. New genus described by E. NEUBERT & H. NORDSIECK (2005, Bulletin Florida Museum of Natural History, 45 (2): 45-62) for *Andiniella richardsi* GREGO & SZEKERES, 2004 (Peru).
- * 16 new (sub)species described by E.

NEUBERT & H. NORDSIECK (2005, Bulletin Florida Museum of Natural History, 45 (2): 45-62) from Peru.

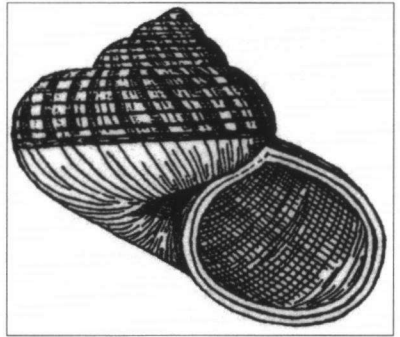

- * *Montenegrina*. 26 new (sub)species described by Z. ERŐS, Z. FEHÉR & M. SZEKERES (2006, Annalen des Naturhistorischen Museums in Wien, 107B [2005]: 181-208) from Albania and the neighbouring regions.

COCHLIOPIDAE

- * *Tryonia vivasi*. Described by F.P. WESSELINGH & O. MACSOTAY (2006, Cainozoic Research, 4 (1/2): 61-65) from the Cumaca Formation (Middle Miocene) of Quarry Alfareria Caribe (Miranda dept., Venezuela).

CYCLOPHORIDAE

- * *Diplommatina xingyinensis*. Described by W.-C. ZHOU, D.-N. CHEN & Y. LI (2005, Acta Zootaxonomica Sinica, 30 (4): 725-727) from Fengcong Town (Xingyi County, Guizhou Province, China).
- * *Kobeltostylus*. Described by R.V. EGOROV (2006, Club Conchylia Informationen, 37 (3/4): 54-55) as a nomen novum for *Liostylus* KOBELT & MOELLENORFF, 1897 (non Faust, 1893).

Cyclophorus involvulus - EGOROV, 200, Club Conchylia Inform., 37: fig. 1

ENIDAE

- * *Pseudochondrula maden*. Described by H. SCHÜTT (2005, Triton, 12: 33-35) from Maden (Vilayet Bayburt, Turkey).

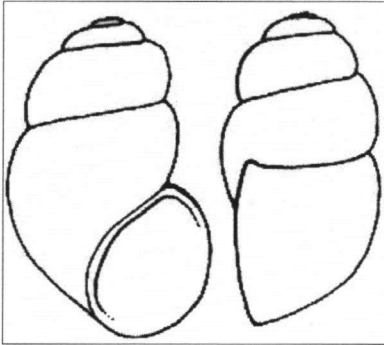

HELICIDAE

- * *Neocrassa*. New subgenus described by P. SUBAI (2005, Archiv für Molluskenkunde, 134 (1): 65-119) for *Codringtonia neocrassa* ZILCH, 1952 (Greece/Albania).
- * *Codringtonia (C.) elisabethae*, *C. (C.) helenae* and *C. (C.) gittenbergeri*. Described by P. SUBAI (2005, Archiv für Molluskenkunde, 134 (1): 65-119)

from the Peloponnes peninsula (Greece).

HYDROBIIDAE

- * *Bythinella isolata*. Described by H.D. BOETERS (2006, Basteria, Supplement 3: 5-8) from the western Chiemgauer Alps, Oberbayern (Germany).
- * *Pseudotricula expandolabra*, *P. auriforma*, *P. elongata*, *P. arthurclarkei*, *P. conica* and *P. progenitor*. Described by W.F. PONDER, S.A. CLARK, S. EBERHARD & J.B. STUDDERT (2005, Zootaxa, 1074: 1-66) from Precipitous Bluff, southwest Tasmania (Australia).

BOETERS, 2006, Basteria, Suppl. 3: fig. 3.

- * *Nanocochlea exigua*, *N. stylesae* and *N. damperensis*. Described by W.F. PONDER, S.A. CLARK, S. EBERHARD & J.B. STUDDERT (2005, Zootaxa, 1074: 1-66) from Precipitous Bluff, southwest Tasmania (Australia).
- * *Fluviopupa raivavaeensis*, *F. jeanyvesi*, *F. tubuaia* and *F. rurutua*. Described by M. HAASE, O. GARGOMINY & B. FONTAINE (2005, Molluscan Research, 25 (3): 145-163) from Raivavae, Raivavae, Tubuai and Rurutu, respectively (Austral Islands, southern Polynesia).

HYDROCENIDAE

- * *Hydrocena tanzaniensis*. Described by B. VERDCOURT (Annales Historico-Naturales Musei Nationalis Hungarici, 96: 299-315) from Tanzania.

HYGROMIIDAE

- * *Xerocrassa prietoi muroensis*. Described by W. GRAACK (2005, Schriften zur Malakozoologie, 22: 1-64) from Playa Muro (northern part of Mallorca, Balears, Spain).
- T* *rochulus piccardi*. Described by M. PFENNINGER & A. PFENNINGER (2005, Archiv für Molluskenkunde, 134 (2): 261-269) from the Saanen valley (Val de la Sarine) near Chateau d'Oex and Enney (Kanton Vaud, Switzerland).

MARGARITIFERIDAE

- * *Margaritifera togakushiensis*. Described by T. KONDO & O. KOBAYASHI (2005, Venus, 64 (3/4): 135-140) from Japan (Honshu/Hokkaido).

NERITIDAE

- * *Pseudodostia*. New genus described by M.F. SYMONDS (2006, Cainozoic Research, 41 (1/2): 27-39) from *Nerita aperta* J. DE C. SOWERBY, 1825.
- * *Clithon (Pictoneritina) cranmorensis* and *Clithon (Vittoclithon) headonensis*. Described by M.F. SYMONDS (2006, Cainozoic Research, 41 (1/2): 27-39) from the Solent Group (Late Eocene and Early Oligocene) of the Hampshire Basin (United Kingdom).

PRISTILOMATIDAE

- * *Vitrea vereae*. Described by A. IRIKOV, D. GEORGIEV & A. RIEDEL (2004, Folia Malacologica, 12 (2): 79-81) from Bulgaria.

STREPTAXIDAE

- * *Gulella johannae*. Described by A.C. VAN BRUGGEN (2006, Zoologische Mededelingen, 80 (1): 63-72) from the Drakensberg range (Limpopo Province, South Africa).
- * *Gulella (Silvigulella) kuiperi*. Described by A.J. DE WINTER (2006, Basteria, Supplement 3: 69-72) from the Sud province (southwest Cameroon).
- * *Edentulina parensis*. Described by B. VERDCOURT (Annales Historico-Natu-

rales Musei Nationalis Hungarici, 96: 299-315) from Tanzania.

- * *Tayloria (Colpanostoma) leroyi depressa*. Described by B. VERDCOURT (Annales Historico-Naturales Musei Nationalis Hungarici, 96: 299-315) from Tanzania.
- * *Gulella kimbozae*, *G. pseudokokolae*, *G. eoryi* and *G. afroccidentalis*. Described by B. VERDCOURT (Annales Historico-Naturales Musei Nationalis Hungarici, 96: 299-315) from Tanzania; the latter species from Congo (Zaire).
- * *Perrottetia biboncavus*. Described by W.-C. ZHOU, D.-N. CHEN & Y. LI (2005, Acta Zootaxonomica Sinica, 30 (3): 513-515) from Menglun town, Mengla county, Yunnan province (China).

UNIONIDAE

- * *Pleurobema athearni*. Described by M.M. GANGLOFF, J.D. WILLIAMS & J.W. FEMINELLA (2006, Zootaxa, 1118: 43-56) from the Big Canoe Creek watershed, a western tributary of the Coosa River (northeast Alabama, USA).

UROCOPTIDAE

- * *Holospira*. 14 new species from the subgenera *Holospira* and *Stalactella* described by F.G. THOMPSON & E.L. MIHALCIK (2005, Bulletin Florida Museum of Natural History, 45 (3): 63-124) from southern Mexico.

VERTIGINIDAE

- * *Nesopupa bisulcata sinistra*. Described by B. VERDCOURT (Annales Historico-Naturales Musei Nationalis Hungarici, 96: 299-315) from Tanzania and Kenya.

VITRINIDAE

- * *Vitrina (Calidivitrina) chyuluensis*. Described by B. VERDCOURT (2005, Basteria, 69 (4/6): 147-156) from the Chyulu Hills (Kajiado District, Kenya).
