

## NIEUW BESCHREVEN CONTINENTALE MOLLUSKENSOORTEN (NEW TAXA: CONTINENTAL MOLLUSCS)

R.A. Bank

Newly described taxa (rubricated at the family level), with reference to the publications in which they were introduced, ordered per family, families sorted alphabetically.

### ANNULARIIDAE

- \* Tudorinae. New subfamily described by G.T. WATTERS (2006, The Caribbean land snail family Annulariidae: A revision of the higher taxa and a catalog of the species. – Leiden (BACKHUYS Publishers): 557 + 4 pp.); the type genus is *Tudora* J.E. GRAY, 1850.
- \* *Chittypoma*, *Gouldipoma*, *Halotudora*, *Megannularia*, *Samanicola* and *Saulaepoma*. New genera described by G.T. WATTERS (2006, The Caribbean land snail family Annulariidae: A revision of the higher taxa and a catalog of the species. – Leiden (BACKHUYS Publishers): 557 + 4 pp.) for *Adamsiella jarvisi*, *Chondropoma calipeplum*, *Cyclostoma radiosum*, *Turbo pulcher*, *Incertipoma nesiotis* and *Cyclostoma sauliae*, respectively.

### ARIOPHANTIDAE

- \* *Hemiplecta esculenta*. Described by W.J.M. MAASSEN (2006, Basteria, 7 (1/3): 13-18) from Pu Luong National Park (Thanh Hoa Province, Vietnam).

### BITHYNIIDAE

- \* *Pseudobithynia*. New genus described by P. GLÖER & V. PEŠIĆ (2006, Malakologische Abhandlungen, 24: 29-36) for *Pseudobithynia irana* GLÖER & PEŠIĆ, 2006.
- \* *Pseudobithynia westerlundii*, P. FALNIOWSKI and P. IRANA. Described by P. GLÖER & V. PEŠIĆ (2006, Malakologische Abhandlungen, 24: 29-36) from Shahzand (Iran), Lake Trichonida (Greece) and Lake Pamvotis (Greece), respectively.
- \* *Bithynia pesicii*. Described by P. GLÖER & M.Z. YILDIRIM (2006, Malakologische Abhandlungen, 24: 37-42) from Akçayınar (Vilayet Muğla, Turkey).

### BRADYBAENIDAE

- \* *Ponsadenia (Ponsadenia) zhongdianensis*. Described by M. WU & J.-Y. GUO (2006, Zootaxa, 1316: 57-68) from the Songzanlin Lama Temple (3220 m.), Zhongdian County, Yunnan Province (China).
- \* *Metodontia bidentatus* and *Metodontia wuduensis*. Described by M. WU & L.A. PROZOROVA (2006, Journal of Conchology, 39 (2): 159-173) from Gansu Province (China).

### BULIMULIDAE

- \* *Simpulopsis promatensis* and *S. gome sae*. Described by L.F. DA SILVA & J.W. THOMÉ (2006, Iheringia, Série Zoologia, 96 (2): 185-196) from São Francisco de

Paula, Rio Grande do Sul state (Brazil).

### CAMAENIDAE

- \* *Amphidromus (Syndromus) richardi richardi* and *A. (S.) richardi manacocoensis*. Described by M. SEVERNS (2006, Basteria, 70 (1/3): 23-28) from Atauro Island (East Timor).
- \* *Satsuma (Satsuma) lepidophora*. Described by H. MINATO (2006, Venus, 65 (3): 59-62) from Oshima Islet (Mie Prefecture, Japan).

### CLAUSILIIDAE

- \* *Sporadhia*. New subgenus described by E. GITTEBERGER & D.R. UIT DE WEERD (2006, Basteria, 70 (1/3): 57-66) within *Carinigera*; the type species is *Clausilia leucoraphe* O. BOETTGER, 1878.
- \* *Vallatia* and *Inchoata*. New genera described by E. GITTEBERGER & D.R. UIT DE WEERD (2006, Basteria, 70 (1/3): 57-66) for various Greek taxa; the type species is *Clausilia vallata* MOUSSON, 1859 and *Clausilia [Agathylla] inchoata* O. BOETTGER, 1889, respectively.

### COCHLICELLIDAE

- \* *Monilearia (Lyrula) tubaeformis*. Described by M.R. ALONSO & K. GROH (2006, Zootaxa, 1320: 29-41) from Fuerteventura (Canary Islands).

*Monilearia (Lyrula) tubaeformis*

### DIPLOMMATINIDAE

- \* *Arinia angduensis* and *A. loumboensis*. Described by W.J.M. MAASSEN (2006, Basteria, 70 (1/3): 13-18) from Ang Du Island and Loum Bo Island, respectively (Halong Bay Area, Quang Ninh Province, Vietnam).

### ENIDAE

- \* *Napaeus lajaensis*. Described by C. CASTILLO, Y. YANES, M.R. ALONSO & M. IBÁÑEZ (2006, Zootaxa, 1307: 41-54) from a Pleistocene aeolian deposit at Mancha de La Laja, Tenerife Island (Canary Islands).

*Napaeus (Napaeus) avaloensis*

- \* *Napaeus (Napaeus) avaloensis* GROH, N. (N.) *voggenreiteri* HUTTERER, N. (N.) *barquini* ALONSO & IBÁÑEZ, N. (N.) *procerus* EMERSON & N. (N.) *maculatus* GOODACRE. Described in M.R. ALONSO, S.L. GOODACRE, B.C. EMERSON, M. IBÁÑEZ, R. HUTTERER & K. GROH (2006, Biological J *Cylindruini* and *Lampadiini*. New tribes described by A.A. SCHILEYKO (2006, Treatise on recent terrestrial pulmonate molluscs. Part 13. – Ruthenica, Supplement 2: 1765-1906) within the subfamily Ariantinae; the type genus is *Cylindrus* and *Lampadia*, respectively.

### HYDROBIIDAE

- \* *Bythinella hansboetersi*. Described by P. GLÖER & V. PEŠIĆ (2006, Heldia, 6 (1/2): 11-15) from Stara Planina, spring of river Cherni Osam, Bulgaria.
- \* *Bythiospeum wiaaiglica* and *Hauftenia nesemanni*. Described by A. REISCHÜTZ & P.L. REISCHÜTZ (2006, Heldia, 6 (1/2): 17-19) from Schwarzenbach a. d. Pielach and Moosbrunn, respectively (Niederösterreich, Austria).
- \* *Tricula semilunaris*, *T. ovata*, *Pseudotricula undulata*, *P. flexuosa*, *P. taybacensis*, *P. alba*, *P. minuta*, *P. sinhoensis* and *P. leae*. – Described by N.T. DANG & T.H. HO (2006, Vietnamese Academy of Science and Technology Journal of Biology, 28 (1): 8-18) from Vietnam.

### HYGROMIIDAE

- \* *Canariella jandiaensis*. Described by M. IBÁÑEZ & C.E. PONTE-LIRA (2006, Zootaxa, 1316: 45-56) from the Jandia mountains, Fuerteventura (Canary Islands).
- Majorata*. New subgenus from the genus *Canariella* described by M.R. ALONSO & M. IBÁÑEZ (2006, Zootaxa, 1316: 45-56); the type species is *Helix eutropis* L. PFEIFFER, 1861.

## HYPSELOSTOMATIDAE

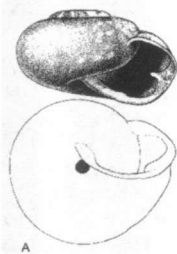

- \* *Boysidia (Bensonella) xingyiensis*. Described by Y.-H. GOU, W.-C. ZHOU & T.-C. LUO (2006, Acta Zootaxonomica Sinica, 31 (3): 541-543) from Nahui town, Xingyi County, Guizhou Province (China).

## MILACIDAE

- \* *Tandonia sapkarevi*. Described by S.V. STANKOVIĆ (2006, Glasnik of the section of Natural Sciences of the Montenegrin Academy of Sciences and Arts, 16: 77-86) from Ohrid (Macedonia).

## PLEURODONTIDAE

- \* Polydontinae, Gonostomopsinae and Discolepinae. Subfamilies described by A.A. SCHILEYKO (2006, Treatise on recent terrestrial pulmonate molluscs. Part 13. - Ruthenica, Supplement 2: 1765-1906); the type genus is *Polydotes*, *Gonostomopsis*, and *Discolepis*, respectively.

## SCOLODONTIDAE

- \* *Hirtudiscus triserialis* and *H. antioquiensis*. Described by B. HAUSDORF & C.I. MEDINA BERMÚDEZ (2006, Malacologia, 49 (1): 211-215) from Departamento Cundinamarca and Departamento Antiochío, re-

spectively (Colombia).

## SPHAERIIDAE

- \* *Euglesa clausi*. Described by A.V. KORNIUSHIN (2006, Heldia, 6 (1/2): 1-10) from Mt. Wilhelm, Chimbu District (Papua New Guinea).

## STREPTAXIDAE

- \* *Oophana tiomanensis*. Described by R. CLEMENTS (2006, The Raffles Bulletin of Zoology, 54 (1): 125-127) from Gunung Kajang, Pulau Tioman (Peninsular Malaysia).

## STROBILOPSIDAE

- \* *Eostrobilops infrequens*. Described by W.J.M. MAASSEN (2006, Basteria, 70 (1/3): 13-18) from Pu Luong National Park (Thanh Hoa Province, Vietnam).

## TRISSEXODONTIDAE

- \* *Hatumia*: Described by J.R. ARRÉBOLA, C.E. PRIETO, A.I. PUENTE & A. RUIZ (2006, Journal of Conchology, 39 (2): 119-134) for *Oestophora (Gasullia) riffensis* ORTIZ DE ZARATE, 1962.
- \* *Hatumia pseudogasulli*. Described by J.R. ARRÉBOLA, C.E. PRIETO, A.I. PUENTE & A. RUIZ (2006, Journal of Conchology, 39 (2): 119-134) from the Sierra Morena mountain chain in the north of Sevilla, Córdoba and Jaén provinces (Spain).

## VERONICELLIDAE

- \* *Simrothula paraensis*. Described by S.R. GOMES, J.B. PICANÇO, I.L. VEITENHEIMER & J.W. THOMÉ (2006, Zootaxa, 1329: 59-68) from Serra Norte da Serra de Carajás (Pará, northern Brazil).

## VIVIPARIDAE

- \* *Bellamyia hulensis* and *B. paxi*. Described by N. SIVAN, J. HELLER & D. VAN DAMME (2006, Journal of Conchology, 39 (2): 207-219) from the Mid Pleistocene and Late Pliocene of Israel, respectively.
- \* *Apameaus*. Described by N. SIVAN, J. HELLER & D. VAN DAMME (2006, Journal of Conchology, 39 (2): 207-219) for *Paludina (Tulotoma) apameae* BLANCKENHORN, 1897.
