

## ERRATUM

---

KRONENBERG, G.C., 2015. A note on *Strombus scalariformis* (Caenogastropoda, Strombidae). — *Basteria* 79(1-3): 32-38.

---

Unfortunately the numbering on the plate to the paper A note on *Strombus scalariformis* (Caenogastropoda, Strombidea) (Kronenberg, 2015: 35) was omitted from that paper. Here we take the opportunity to correct this omission. The plate is reproduced on the next page with the correct numbering.

Figs 1-8. *Canarium scalariforme* Duclos, 1833. 1, *Strombus scalariformis* after Duclos, 1833. 2, illustration in Duclos, in Chenu, 1844. 3-6, Lectotype of *Strombus scalariformis*, "Mers de la Chine", length 22.3 mm, MNHN Paris (photographs Han Raven); 7, Type figure of *Strombus haemastoma* Sowerby 2<sup>nd</sup>, 1842; 8, Raoul Island, Kermadec Islands, Raoul Island, ex J. Bollons colln (no date), NMNZ M.272644, length 24.3 mm, width 10.4 mm (photograph Raymond Coory).
